

# Spring Field Day

*Cereal Agronomy in Focus*

When: Thursday 28 September 2017  
9.30am -1.30pm

Where: Riverine Research Centre, Forges Rd, Burramine, Victoria  
Directions: Turn south into Forges Rd from Katamatite-Yarrawonga Rd, approx 7km from the Benalla-Yarrawonga Rd/Katamatite-Yarrawonga Rd intersection (signage provided).

The Riverine Research Centre is a partnership between Riverine Plains Inc and FAR Australia. The field day is a terrific opportunity to view and discuss the range of research trials sown locally.

The field day will feature discussions about:

- Crop management packages for early sown, long season wheats: including early findings from a La Trobe University project examining mid-March to mid-May sowing dates, plant populations, N timing and grazing. *Michael Straight & Nick Poole, FAR Australia.*
- Influence of Frost on cereals: the latest on frost risk and sowing date interactions, N timing & canopy structure *Michael Straight, FAR Australia & Dr Cassandra Scheffe, Riverine Plains Inc.*
- Fungicide resistance in the eastern states: The current situation and what it means for crop management. *Dr Fran Lopez, Centre for Crop and Disease Management*
- Using NDVI to determine N rate: results from 2016 trials *Dr Cassandra Scheffe, Riverine Plains Inc*
- What have we learnt about fertiliser practice in the region over the last 5 years? *Lee Menhenett, Incitec Pivot Fertilisers*
- Trial site tour: including barley agronomy (fungicide & N interaction) and N research on Corack wheat *Michael Straight & Nick Poole, FAR Australia*

*Morning tea and lunch will be provided.*

Location:
