

# Fodder for the Future - Virtual Field Day

## Knowing what's in your hay or silage

When: Thursday 9 September, 2021,  
12pm – 1:30pm

Where: Online via Zoom

[Click here to Register](#)

Riverine Plains, together with Murray Dairy, invites interested dairy, grain, hay and silage farmers to a virtual *Fodder for the Future* Field Day to discuss factors affecting quality fodder crop production, including soil pH.

The Field Day is designed for both the cropping and dairy industries and will provide a forum for the sharing of technical and market knowledge related to the production of high-quality fodder for the dairy industry.

### Topics & Speakers

- Project Overview  
**Shane Byrne and Lisa Birrell (Murray Dairy)**
- Forming partnerships between industries  
**Catherine Marriott (Riverine Plains)**
- pH - what you need to know to grow a quality fodder crop.  
**Cassandra Schefe (AgriSci)**
- Growing crops for optimal fodder  
**Luke Nagle (Advance Ag)**
- Getting the cut right for silage  
**David Lewis (Lallemand)**

*An oats/vetch mix has been sown at a trial site at Boorhaman*
